

Local Landscape Character Assessment
5 Parishes
Roseland Neighbourhood Plan

What makes the landscape of the Roseland important?

Tell us why you value the Roseland's landscape.
 What makes the place special to you?
 Where do you love to go?

You can fill in a sheet to tell us about your special places in detail, and put a numbered spot on the map to show us where you are describing.
 You can also put a coloured spot straight onto the map to show us your special places. Different coloured spots will tell us different things. Use as many spots as you need to tell us all of the places you love, which make the Roseland special to you.

-  **Recreational value** – place a spot where you love to spend your leisure time
-  **Historical interest** - place a spot where you know there is an important historic feature, or place of cultural importance
-  **Natural and wildlife interest** - place a spot where you know there are important natural features, or important wildlife
-  **Good views** - place a spot where you love to stand and admire the view
-  **Where you feel like you have 'managed to get away from it all'**
